

About us.

My father Larry Koup with my Grandfather Ralph Koup opened Koup's Cycle Shop 1957. Since then the store has grown from a specialty shop to one of the largest multi-line dealers in the area. Koup's Cycle Shop prides itself on its customer service - we know how important it is to be taken care of and to have someone you can trust. Our Parts and Service Departments are staffed by experienced professionals that want to make sure you get the right part/service at the right time and at a fair price. Not only can our team answer your questions intelligently, they will help you find the parts you need.

We have a very knowledgeable staff. All are enthusiasts that ride to work or work to ride. We all love motorcycles and ATV's. We enjoy helping others get aboard on whatever vehicle fits their priorities. We have been in business since 1957 and you can count on us to be there for you long after you make your purchase. Generations of families have bought their vehicles from us.

Our prices are good and our values are great. Our factory-trained mechanics go to every service update seminar. We have a Dyno facility to make your motorcycle perform to its full potential. There is a wealth of knowledge and the motivation to serve you here at Koup's Cycle Shop.

As a customer, you couldn't ask for a better staff to help you confidently purchase your next power sports vehicle or accessory here at Koup's Cycle Shop.

David L. Koup
General Manager
